### KENTUCKY EMS RECOGNITION BANQUET

The Kentucky EMS Recognition Banquet is held in the middle of our main conference. This year the banquet will be held on Thursday, Sept. 29, 2011. Each year a few of your peers are selected to be honored at the awards banquet. To make these awards meaningful, we need your help in identifying those members of the EMS community who have either performed above and beyond what is expected of those in emergency medical services, or who have made a significant contribution to EMS that deserves recognition. EMS service providers and EMS educators are also eligible. Other EMS associations typically present their awards at the awards banquet, too. To download a nomination form, please visit: [www.hultgren.org/conference](http://www.hultgren.org/conference)
