Statement of Support for Kentucky House Bill 153

We, the undersigned, **support extending the Kentucky Line-Of-Duty-Death Benefit to all emergency medical responders**, who encounter many of the same risks that law enforcement and the fire service encounter, usually while they are standing alongside and working with these other dedicated professionals protecting our community. We are urging you to vote Yes on this bill that would help extend this valuable benefit to the survivors of our Commonwealth's emergency medical responders.

HB 153, introduced on Dec. 17, 2009 for the 2010 Kentucky Legislative Session by Rep. David Floyd, would amend KRS 61.315 and extend the Kentucky Line-Of-Duty-Death Benefit to every paid or volunteer emergency responder who is employed by or volunteers his or her services to an ambulance service licensed pursuant to KRS Chapter 311A.
